

P9EOD

ELECTRIC OVEN

The Parry P9EOD fan assisted electric oven is versatile and powerful. This stainless steel unit is stackable, creating double the oven space, perfect for businesses with restricted space. Each oven features two separate 2.5kW fan assisted elements, providing a total of 5kW of cooking power, per unit. The stainless steel construction and castors ensure the unit is durable and easy to clean, while the simple dial controls and side hinged doors make it incredibly user friendly.
