Ventus

Designed and manufactured with the highest attention to detail, the sophisticated Ventus V90 bottle cooler is the perfect fit for commercial bars, delivering optimum performance, long-term reliability and minimal operating costs. The V90 provides flexible storage of up to 156 (330ml) bottles. The polished stainless steel interior and LED lighting enhance display, while the black painted exterior cabinet blends seamlessly into any bar setting. Its electronic temperature controller, supported by an auto defrost function, provides precise monitoring, ensuring drinks are kept at perfect serving temperature. In addition, the energy-saving EcoSmart controller allows users to hold the bottle cooler in its most economical state, until it is required, and an energy-efficient forced air cooling system delivers rapid temperature pull
