QTY

Model:  
CD90

Icemaker - Nugget Ice  
85kg production, 20kg storage bin

## Technical Drawing

### Key Features

### Construction

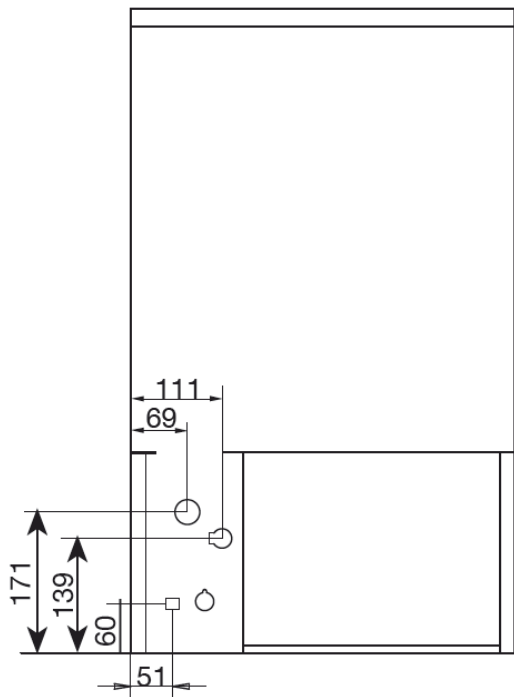

### Available Options

- Vertical evaporator production
- Heavy duty auger
- Diamond / nugget ice production
- European manufactured to ISO9001 standards
- Electromechanical operation for high reliability
- External on/off switch

- Stainless steel exterior
- Hard wearing ABS interior
- High density insulation

- Everpure 4H water filter

| Technical Data         |                                |
|------------------------|--------------------------------|
| Model                  | CD90                           |
|                        |                                |
| Production             | 85kg*                          |
| Storage                | 20kg                           |
|                        |                                |
| Cube style             | Nugget                         |
| Production method      | Cylindrical evaporator / auger |
|                        |                                |
| Operating ranges       | Air temperature 5°C - 40°C     |
|                        | Water temperature 5°C - 35°C   |
|                        | Water pressure 0.7 - 6 bar     |
|                        |                                |
| Refrigerant            | R290                           |
|                        |                                |
| Water inlet connection | 3/4" BSP                       |
|                        |                                |
| Drain connection       | 20mm                           |
|                        |                                |
| Electrical connection  | 220V 50Hz - 220V 60Hz          |
|                        |                                |
| Maximum input power    | 533w                           |
|                        |                                |
| Dimensions (w,d,h mm)  | 465 x 595 x 790                |

\* Production values calculated at 15°C air temperature, 10°C water temperature
