Ventilated 10 scoop ice cream display with under-storag

The Bermuda range from ISA is available in a 10 or 13 pan display. This cabinet features ventilated cooling to maintain your ice cream or gelato at the optimum serving temperature, it also has separate refrigerated under storage which is unusual for a ventilated unit, this makes it easy to restock the display quickly without having to leave the cabinet. Plus, the Bermuda boasts an elegant curved glass design that is heated to help prevent condensation, as well as castors for easy mobility and an internal LED light that beautifully illuminates your ice cream or gelato. With its great quality and price point, the Bermuda is a popular choice for ice cream and gelato sellers.
