- Adjustable shelves (can be tilted)
- Solid 40 mm endwalls with mirrored interior
- LED interior light
- Ventilated cooling
- Can be multiplexed with kit (POA)
- Ticket strip and acrylic front riser as standard

Low-height multideck chiller with doors

The Galaxy+ LOW FGD in colour anthracite RAL7016 offers a highly energy efficient cooling system combined with a gorgeous design. It is a spacious cabinet complete with adjustable shelves and internal LED lighting for optimum product presentation.

The low height of the multidecks allows for creating island installations without blocking the view of the customer. A multiplexing kit is available as accessory, so you can create uninterrupted lines throughout your store.

As a result of a carefully designed refrigeration system and optimal airflow through the chiller, this cabinet has an outstanding low energy consumption and an impressive EU energy rating.
